

Product Bulletin

Date: July 15, 2025
Update Number: P2025-15
Subject: Discontinuation of Select Residential Accessories
Product Affected: Residential Accessories (Remotes, Keypads & Control Panels)

Overview

LiftMaster® is committed to delivering modern access solutions that make access simple. As part of our continuing efforts to improve and refine our product portfolio, we are preparing to launch the new line of residential Security+ 3.0™ accessories. With this launch, select existing residential accessories will be discontinued in Q4 2025. In most cases, these discontinued items have a recommended replacement in the new Security+ 3.0 lineup.

What's changing?

The tables below list the current accessory part numbers that will be discontinued, the date of discontinuation and the recommended replacement part number from the new Security+ 3.0 product line, where available.
